LEGACY
28 May 2021

A screening of a new film by Cady J Wright. LEGACY is an ambient video diary shot of the collection and return of Stephan Dilleuth's historical artworks for his solo exhibition at 3236RLS/Le Bourgeois 2019 (curated by Saim Demircan). It features artists Stephan Dilleuth, Nils Norman, Florian Hüttner, New Noveta, Catherine Osterberg, Jacques Rogers, and curator Saim Demircan. Shot on a Sony miniDV camcorder borrowed from artist Ghislaine Leung, the film follows the gallery organisers across Europe to meet Dilleuth and Demircan, and collect the work in a 1996 Mercedes W124 estate formally owned by artist Jeremy Glogan. Locations and events include the Martin Kippenberger suite at the Chelsea Hotel, Cologne; a New Noveta performance in Centre d'Art Contemporain - La Synagogue de Delme, France; and the Bavarian countryside.
